Monday, 25 February 2008

MacHEATH. The Joes' undercover operative, Chuckles, took on the identity of MacHeath and posed as the new gameskeeper on Destro's family estate in Scotland. As MacHeath, Chuckles kept watch over Destro shortly before Cobra Commander launched an attack on his castle. Destro and the Baroness were completely unaware of MacHeath's true identity until Chuckles himself revealed it while helping fend off Cobra's attack.
