

ECHO robots

Thursday, 28 February 2008

ECHO ROBOTS. Robots designed to resemble humans, created by Cobra to replace world leaders and public figures. ECHO (Enhanced Copy, Human Original) robots were far superior to BATs, lacking many of their design flaws. The Joes stumbled on to Cobra Commander's operation. Storm Shadow, Scarlett and Snake-Eyes infiltrated the warehouse in which the ECHOs were built and destroyed them, but not before defeating a robot duplicate of Snake-Eyes.
