

Hurricane

Thursday, 28 February 2008

HURRICANE. A VTOL (vertical takeoff and landing) fighter jet used by Cobra. The jet was armed with two 75mm cannons and could carry up to ten air-to-surface missiles. The Hurricane also included a detachable VTE-490 pilotless fighter/interceptor attack drone, that carried its own missile. The Hurricane saw its first, most extensive use during the Battle of Benzheen.
