COMIDAS CHINAS. The name of the Chinese food restaurant operated by the Soft Master in Spanish Harlem. The store was the site of many attempted robberies, all thwarted by the Soft Master. He had a box full of confiscated weapons behind the counter. After a brief fight there between Snake-Eyes and Storm Shadow, the restaurant was closed down and boarded up. Many years later, the G.I. Joe Ninja Force opened a martial arts school for underprivileged students, using the Comidas Chinas storefront.
